

Title: TO INVEST EUR 200 M IN A COMPLEX NEAR THE AIRPORT

Summary: Big multifunctional complex will be built in 5 years 500m away from the Airport. Sofia Airport Center will be 140 000 sq m and will have logistics center, offices, 12-level hotel with 250 rooms, conference rooms and park with a pond, announced Alan Levi, president of **Tishman International Companies** that will invest around EUR 200 M in the project.

The project will start in the beginning 2007. Construction of the logistics center is supposed to be finished till the end of 2007. First office buildings should be ready in 2008. The hotel will be built in 22 months after they choose the hotel chain to manage it, explained Levi. Minimum 3 Bulgarian companies will be engaged in the realization of the project, he assured. **Tishman's** representatives met yesterday with the mayor of Sofia who assured them that in 3 years there would be a subway station at the new complex.
