

Title: BULGARIAN PROJECT AT INTERNATIONAL EXHIBITION

Sofia Airport Center, the largest Bulgarian project in the sphere of real estates, was officially presented on the international exhibition MIPIM, which will take place from March 13 to 16 in Cannes, France

Among the visitors on the reception in hotel Majestic were managers of big international companies, official guests and partners of the company. Hosts of the event were **Tishman International** and representatives of the agencies Cushman & Wakefield and Forton International. The complex will be the first international business park in Bulgaria in which the working environment will be conformed with all international standards. The conception includes the building of three main elements at the all-out built-up area of 165,000 sq m: 100,000 sq m offices class A, 22,000 sq m first class logistic base and industrial plots as well as a high qualitative hotel with opportunities for entertainment and conferences. The complex **Sofia Airport Center** will be placed near the new Sofia airport, will be developed and managed by **Tishman Management Company** and will be realized on several stages.
